Containing a Welcome to a New Member of the International Panel

The Board of Editors has the pleasure to welcome **Fredrik Kämpfe** as the eighth member of the International Panel.

Fredrik is Deputy Chief Legal Adviser of the European Aviation Safety Agency (EASA).

Prior to joining EASA (in 2004) he had added two law degrees to his technical education (mechanical engineering), one from the University of Uppsala in Sweden and an LL.M. degree from Leiden University's International Institute of Air and Space Law.

Fredrik is a private pilot, and, as he also worked several years as a handling coordinator and ramp/load-control agent at Arlanda Airport, he is familiar with the practical side of aviation, a distinct asset for someone dealing with the regulatory aspects of the industry.

We are glad to have him on board!

Peter van Fenema
